Contest Exchange:

Contest Exchange consists of RST followed by serial number, starting with 001 for the first contact and increasing by one for each successive contact, and the complete WW locator of the sending station. Example 579 023 JO70GA. QSOs with stations which aren't participated in the contest are allowed but the Contest Exchange must be transmitted, serial number is optional for these QSOs.

Only one QSO per band could be logged with a particular station.

Each station, regardless the section, can transmit only one signal on each band.

Scoring:

2 points for QSO made in your own big square WWL (i.e. JO70), 3 points for QSO made in the neighbourhood WWLs zone, in the next WWLs zones will be calculated 1 point more than in the previous WWLs zone.

Multipliers:

Each big square WWL (JO70) which has been worked in the contest including your own one for each band. Your own WWL is counted as a multiplier even if there is no QSO with the other station in your own WWL.

It means if there is no QSO during the contest with your own big square WWL, you can still count it as a multiplier.

Final Score is calculated as sum of QSOs points x number of multipliers for each band specially.

Contest Report

The contest reports will be send to Radioclub OK1KPA:

- by **online** form at <http://ok1kpa.com/pa/>
- by email to vkvp@crk.cz or ok1kpa@volny.cz
- by mail to Miroslav Nechvíle, U kasáren 339, 533 03 Dašice, The Czech Republic

The report must be sent on the 5th day after the Contest at the latest.

The Contest Report must contain:

- name of the contest
- date
- callsign
- band and categories
- WWL which was operated from
- number of QSOs
- points for QSOs
- number of multipliers
